Date Mailed

: September 8, 2008

Patent No. : 7,370,343  
Inventor : Michael D. Ellis  
Patent Issued : May 6, 2008  
Title : ELECTRIC PROGRAM GUIDE WITH BLACKOUT FEATURES

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction for the above-identified patent under the provisions of Rule(s) 1.322.

It has been determined that in view of applicants request to include the "B1" suffix to the U.S. Patent Reference Document 4,706,121 wherein referenced by subject patent 7,370,343; entry is not warranted. Kind codes are printed on the published patent document as a result of changes implemented in patent processing which with in regard to the printing of kind codes became effective January 2, 2001. In addition, with these changes some kind codes have been eliminated from use on certain published patent documents. Accordingly, applicant is invited to view further information regarding the printing/use of kind codes by visiting [www.uspto.gov](http://www.uspto.gov) follow to patents/patents main page/law & rules/ where you will find Notices: Recent Patent-Related link. Enter "kind codes" as search criteria to retrieve additional information.

In view of the foregoing applicants request in this matter is hereby denied, however, a certificate of correction will issue to correct the remaining errors noted in applicants request. Any telephone inquiry concerning this communication should be directed to Ms. A. Green at (703) 308-9380 ext. 123.
